

## Galway Co PPN Workplan 2021

This Workplan will be adopted by the PPN Secretariat and presented to the Members of PPN at the next Plenary meeting in 2021.

### Introduction

Galway County Public Participation Network ('PPN') is an independent umbrella network of community & voluntary, environmental and social inclusion groups active within the county. The PPN is hosted by the Galway County Council.

Public Participation Networks (PPNs) were established by the Irish government under the Local Government (Reform) Act 2014 to be the main link through which the Local Authority connects with these groups.

Galway County PPN is governed by the PPN Secretariat, a voluntary board elected from the wider PPN membership. The Secretariat oversee the development of the network and ensure that the objectives of the PPN are met. The Secretariat are supported by one full time coordinator ('Resource Worker') and a full-time Support Worker who manage the day-to-day running of the PPN. A part-time administrator is responsible for sending out emails, the PPN database and registering groups.

Funding for the PPN is provided by both the Department of Rural and Community Development and by Galway County Council through an annual budget allocation (see SLA for details).

Government guidelines outline 3 main objectives for PPNs:

- Facilitate the **participation** and representation of communities in a fair, equitable and transparent manner through the environmental, social inclusion, community and voluntary sectors on decision making bodies.
- **Educate** and strengthen the capacity of communities and of the environmental, social inclusion, community and voluntary groups to contribute

positively to the community in which they reside/participate.

- Provide **information** relevant to the environmental, social inclusion, community and voluntary sector and act as a hub around which information is distributed and received.

These Government guidelines also specify a number of principles and values that PPNs are expected to operate by; they should be inclusive, participatory, independent, value diversity, be transparent and accountable.

The 2021 Workplan incorporates the 3 main objectives of PPNs listed above and generally focuses on building the capacity of community groups to create positive change in their communities and have a voice in local decision-making processes.

The focus of Galway County PPN's work in 2021 will be on:

- Supporting and building the capacity of our members and our representatives to engage with Galway County Council's policy-making structures.
- Building cohesive and engaged Community and Voluntary, Environmental and Social Inclusion pillar groups within the PPN who can support the work of our representatives.
- To begin the consultation process of a 'PPN Vision for Community Wellbeing', which, when completed will act as a guide for the work of the PPN, ensuring that it reflects the priorities of its members.
- Continuing to engage with groups from under-represented communities, new communities and minority groups to make sure these groups have an opportunity to join the PPN and input into local authority decision-making.
- Continuing to support the local community through COVID-19 pandemic.

It is important to note that, due to the pandemic, it is difficult to predict how priorities will change in 2021, what the levels of restrictions will be and what immediate needs will arise in the community. As such, the PPN Workplan may need to be updated to respond to current need, reflecting any changes.

## Galway County Participation Network Workplan 2021

Objective 1	Participate! (Hear the Community Voice)			
Key Action	Support PPN members to identify issues of collective concern, to take action on these issues and influence local policy.			
Planned actions/activities/outputs	Who is responsible	Who can help?	Timescale	Outcome/KPI
